Kings County 4-H Judging Day  
Saturday, November 8, 2014  
Kings County Fairgrounds  

9:00 AM - Registration Begins & 9:30 AM - Mandatory Orientation  
Judging Day helps 4-H’ers to become good decision makers, enabling them to justify their decisions by giving oral reasons (for one judging class). A judging class consists of four items. The 4H’er is asked to evaluate and rank the class in the order from the best to the worst. Points are given on how close the participant comes to matching the placing an expert gives the class.

Participants will also be given the opportunity to give oral reasons for one class. Oral reasons enable the participant to explain to a judge why they placed the class the way they did. Points are given for how convincing the reasons are. Even if the class wasn’t placed correctly, if good reasons are given for the placing, the points will reflect that.

Judging classes will be in the following categories: Livestock, Home Economics and General. Plan to judge all three!

The Food Olympics is the new term that refers to Favorite Foods, Place Setting and Cupcake Decorating Contest. Last year the Cupcake Contest came to life as a suggestion from the planning meeting. Do you still want a cupcake decorating contest, or should something new be planned again this year? Come to the meeting and offer your suggestions on how to make this event better than ever!

**Member Tip of the Month**

**ORB MYTH BUSTER:**

**MYTH:** ORB has so many bugs in the system that it is impossible for members to successfully complete a winning record book.

**FACT:** The truth is ORB does work! There are some glitches in the system and programmers are hard at work developing solutions. For the past two program years, youth have been able to successfully submit record books for county and state judging. This year, some counties have reported over half of members who submitted books to county competitions did so using ORB.

It just takes a few minutes, to go on-line and enroll in the 4-H Program, are you an official member? Emerald Star Project

Hygiene Helpers

Payton McConnaughty and Tara Fry will be at Judging Day collecting hygiene products for the homeless. Please donate to our Emerald Star project. The Hygiene Helper Kits will include: shampoo, conditioner, soap, toothbrush, toothpaste, chap stick, sunscreen, and personal cleaning wipes. There are places the homeless can get food, but not hygiene products. Our goal is to make 200 kits from now to the end of February. There is a collection bin at the UCCE Office and we will also be handing out bags to community leaders at the November Council meeting. Please support us in helping the less fortunate.

Thank you, Payton and Tara

Presentations Made Easy

With the holidays just around the corner, vacation time will be here, a perfect time to work on your 4-H presentation! Are you still wondering how to put together a presentation and why this is such an important part of 4-H? Bring your questions to the Presentation Workshop scheduled for:

Saturday, November 22, 2014
1 PM to 3 PM
UCCE Multi-Purpose Room

This workshop will be very interactive. Please call 852-2730 to reserve your space by November 17th. (County Presentation Day is February 21st)

Farmer’s Opportunity to Help Support Kings County 4-H

Thanks to America’s Farmers Grow Communities, rural community members and farmers can help give back to local 4-H organizations. Now through Nov. 30, 2014, eligible farmers can enter for a chance to win $2,500 that can be directed to their local 4-H. And new this year, the entire community also has a voice. Rural community members can suggest an idea or initiative that needs funding for their local 4-H, such as a community garden or camp scholarships. Farmers may review the ideas and consider them in their application. In addition, in communities impacted by drought – i.e. Kings County, the Monsanto Fund will provide twice the financial support. Winning farmers from counties that have been declared natural disaster areas will now receive double the donation, a total of $5,000. These winners may choose where to direct the additional $2,500 disaster relief donation based on community needs brought forth by the drought. The Monsanto Fund will select one winner at random from each of the eligible 1,271 counties and winning farmers and recipient nonprofits will be announced in January 2015. Please click here for an application: http://www.americasfarmers.com/_pdfs/grow-communities/Application-Form.pdf
Adult Chaperones are needed to attend this conference with the Kings County delegation. Adults must be an official 4-H leader – fingerprinted and orientation completed. For qualified adults, Council will fund the full cost of the number of adults required by the conference quota. Apply early!

Applications Available for the LCORT Youth Chair for 2016

The LCORT Youth Chairs must be willing and able to devote a substantial amount of time to conference planning, implementation, evaluation, and follow-up from the spring before the conference through the following February (one month after the conference). The Youth Chairs are expected to attend a planning retreat during the summer, to accompany the Conference Coordinator to Wonder Valley at least once during the planning process (in late December or early January), and to participate in a materials prep. workday in mid January. However, most other pre- and post-conference tasks can be accomplished by phone, online, or in whatever location is most convenient for the Youth Chairs. Applicants must be a minimum of 16 years old, have a gold star rank, attended LCORT as a youth delegate and have excellent public speaking skills and the ability to work with people of varied ages and backgrounds. Here's why: You are constantly growing and changing, and you may not answer questions the same from one point in time to the next! By doing surveys once or twice a year, we can see how youth in 4-H are developing and changing. These surveys are our way to find out about you and how the California 4-H Youth Development Program is doing overall! Thank you to everyone who has completed their surveys so far. A list of previous survey winners can be found here: http://4h.ucanr.edu/Research/Evaluation_Updates/.

Island 4-H

On October 14, 2014, Island 4-H had its October meeting. Everybody dressed up for Halloween. We had a blast! We got to hear how everyone did at Achievement Night, too! Island 4-H is in charge of the UCCE Office window display for the month of November, so we made a “Thankful Tree”. You can see our tree and everything we are thankful for in the office now. We are looking forward to this month’s Thanksgiving potluck as well. We are looking forward to see what November has in store for us!

Kings Harvest 4-H

Kings Harvest 4-H Club held their monthly meeting on Monday, October 13. The meeting was called to order at 7:01 pm. The flag salutes were given, roll was called and the treasurer’s report was given. We gave our project reports and said what past events we attended. Events were 4-H Madness, Achievement Night, Officer Training, Rabbit Show and Robotics meeting. Our club decorated the window at Workingman’s and our All Stars did a window display at the Board of Supervisors office. Upcoming events were discussed, such as 4-H online record book workshop, Judging Day & Leader’s BBQ. We were reminded to sell all of our tickets and turn in all the money at the next meeting. Unicef money is also due at the next meeting. We as a club, decided to do Operation Christmas Child and those gifts are due at the next month’s meeting as well. We also discussed how to expand on our current presentations. We adjourned the meeting and enjoyed a little Halloween party. Our next meeting will be on Monday, November 10.

WHAT WILL YOUR NUMBERS SAY?

The average American is expected to consume some 3,157 calories this Thanksgiving, and that's only if you don't go back for seconds. Put your stretchy pants on — Thanksgiving is coming fast. It's estimated that the average American consumes over three times the daily number of recommended calories on the unofficial kick-off to the holiday season (depending on your weight, you can pack on as many as five pounds by the time New Year's Day rolls around). So, what's the best way to avoid overeating on Turkey Day and control your calorie count? Don't skip breakfast! Although many people avoid eating to "save room" for the big feast, eating something small in the morning means you won't be starving by the time the turkey is carved. It also helps to be aware of the foods that pack the most calories, and modify your portion size accordingly. If this is the year you're finally going to keep your winter waistline in check, take a look at how your dinner plate breaks down nutritionally:
