

PISTACHIO DAY

January 21, 2015. 8:00 a.m to 4:30 p.m
Visalia Convention Center
303 East Acequia Avenue, Visalia, CA 93291

REGISTER NOW!

\$40 until January 5, 2015
\$60 after January 5, 2015
\$80 on-site

Pistachio Day is designed to deliver the latest research-based production practices in a format that enables prospective or current pistachio growers, production managers, and pest control consultants to better achieve their pistachio growing goals.

The program is diverse. The morning session topics include nutrient and salinity management, winter chilling and pollination, groundwater availability and its upcoming regulation

The afternoon session is devoted to pest management.

Questions regarding the course content should be directed to Louise Ferguson, UC Cooperation Extension Specialist,
